

Proud Participant:

We, the participants of The Orlando Tea Party, demand that the officials elected by us live up to your oath to serve us! We demand that you uphold the Constitutional rights granted to us by our founding fathers, the liberties that have made America the most extraordinary nation in the world. We demand that you cease further government spending on Stimulus scams and Bailouts meant to punish those who contribute the most to our

economy and provide jobs to 70% of American workers. And we demand that you allow the free market to flush years of accumulated trash from our economy and return prosperity and growth to our markets. With this statement, I vow that I will attend every election and will steadfastly vote AGAINST any candidate that does not vote to uphold these demands. I refuse to simply settle for the "lesser of two evils" and expect my candidate to vote in favor of these basic American principles every time. We are ready to reclaim control of our government!

Sincerely,

Orlando Tea Party Participant

Orlando, FL

My Grievances...

We the people will be silent no longer!
